WHO IS OPNS

Oakland Physician Network Services, Inc. is an independent, physician owned and operated corporation comprised of 453 Primary Care Physicians, Specialty Care Physicians and Providers.

From its location in Oakland County, OPNS serves the medical community by centrally maintaining the infrastructure to support best practices in medical management, office management and database management.

It provides financial and quality analysis and reporting services that assist member Physicians in delivering higher quality care and managing costs for more than 15 healthcare plans.

OPNS IS...

- A Physician Organization controlled by and for Physicians benefit for over 20 years
- Taking the lead by empowering practices to engage in the guiding principles of Healthcare Transformation
- Supporting the Physician Practice Transformation through:
 - Practice Unit and staff support
 - Educational programs and communications
 - Analytic performance reports and summaries
- Collaborating for the future by making a significant investment in IT infrastructure that will:
 - Insure required clinical integration
 - Increase profits as the ACO/OSC/CIN backbone
- Negotiating Physician's best interests by:
 - Preventing de-selections from networks
 - Challenging questionable ranking data
 - Resisting inaccurate, transparent public rating sites

PROVIDER SERVICES

The OPNS Provider Services Link Department ensures that every Physician in our network has been approved only after a thorough credentialing and certification process. Physicians are re-credentialed every three years in order to ensure their continued adherence to OPNS policies.

As a member of OPNS, you and your practice benefit from the support we provide for credentialing and re-credentialing in the many health plan contracts offered through our network.

OPNS serves as a liaison between our Physicians, their staff and the contracted managed care plans to coordinate the resolution of provider inquiries and problem resolution. We arrange informational educational programs for office managers, office staff and billers so they can improve their skills and better serve their patients.
