REMEMBER!

Your **PCP** is the best source for obtaining the most appropriate type of care when a medical need arises. He or she will either schedule an appointment or direct you to a specialist, hospital or **type of care** that best fits your need.

Remember to always make a follow up appointment with your primary care physician within **7 days** of discharge from an Urgent Care/Emergency Department visit, Hospitalization, or Skilled nursing (rehab) facility stay to:

- Evaluate your current condition and treatment
- Review your medication(s)
- Coordinate further treatment if necessary

Doctors Office

Contact your primary care physician (PCP) when you need immediate medical care. You can either schedule a same day appointment or telephonic visit (if offered in your physician office) for advice about the most appropriate type of care for the majority of medical situations. Most doctors are also available by telephone after hours to discuss your medical concerns.

EXAMPLES include:

- Non-Emergent Situations
- Chronic Conditions
- Medication Review

Remember to always make a follow up appointment with your Primary Care Physician within 7 days of your discharge from Hospital, Urgent Care/ED/Skilled Nursing Facility visits.

Urgent Care

Go to an **Urgent Care Center** if you need Medical Care **today**, your doctor's office is closed, **and** your medical concerns are **NOT** life-threatening.

EXAMPLES include:

- Sprained ankle
- Ear infections
- Fever or flu-like symptoms
- Allergic reactions, minor burns or injuries
- Broken bones
- Coughs, colds, sore throats
- Animal bites

Hospital

Go to the nearest **Emergency Room** or **dial 911** if you need Medical Care for a **life-threatening condition**.

EXAMPLES include:

- Chest pain/Difficulty breathing
- Severe bleeding
- Head injury
- Loss of consciousness
- Sudden severe headache/loss of function

Call your doctor **immediately** if your symptoms **worsen**.
